## 2025 Adult Leadership Training

We invite you to challenge yourself at Wood Badge

To... **Inspire**

To... **Lead**

To... **Be the change**

Attend for the Scouts—  
**Leadership for Scouting**

Attend for yourself—  
**Leadership for America**

### **Purpose of Wood Badge**

Wood Badge training was started over 100 years ago in 1919 by Baden Powell with the purpose of properly training adult leaders. Powell noticed that the youth joining the Scouting movement needed to have adult leaders familiar with leadership and therefore designed the Wood Badge course, which is taught worldwide to thousands of Scouters annually.

The combination of time-tested experiences by the Scouting movement along with current leadership theories and team development compose the Wood Badge curriculum. Current corporate America leadership models, academic research, and successful organizations significantly contribute to that curriculum.

Upon completion of a participant's ticket, the participant will be awarded their Wood Badge beads.

## **Course Themes**

The course is designed to help participants to become leaders who will make a positive difference in their pack, troop, crew, ship, district, and council, **and in their own life**.
